

## Club Night Fog-O

SMOCies are getting good use out of their head torches this winter, with our second night club event this past Thursday. There was a great turnout of 15 on an evening with less than ideal weather conditions.

When I arrived I thought my glasses were steaming up, but no, it was fog. I wasn't sure that everyone who had requested a paper map would arrive, but SMOCies are tough and everyone did turn up.

Loughton Valley is an area that most people in the club know well. The dark, and fog reflecting light from head torches straight back made it a much more challenging run than it would have been in daylight.

The fog did cause some challenges with GPS signals, and a parallel error was made when transferring the planned controls from a Purple Pen map into the Maprun app. Despite these problems everyone seemed to have a good time and most stayed on to visit a local pub... where there was some football thing on television.

Hope to see everyone on 2 January for another MapRun, social and prize-giving for the club champs!

### Results:

Nick and Jane had a phone challenge so aren't included in the results but they did go round. As did Ian who isn't showing in the results for some reason.

1	Harriet	290 points
2	Helen	270
3	Becky	260
4	Martin	260
5	Ann	230
6	Milly	230
7	Freya	230
8	Ric + helper	190
9	Max	130
10	Debbie	60
11	Ros	50
